

NOTICE OF STUDY
COMMENCEMENT
CLASS ENVIRONMENTAL ASSESSMENT
FOR THE REHABILITATION OF
HASTINGS TRENT RIVER BRIDGE

The County of Northumberland is undertaking a Municipal Class Environmental Assessment for the rehabilitation of the Hastings Trent River Bridge, located on Bridge Street over the Trent River in the Village of Hastings, in the Municipality of Trent Hills. As part of the Environmental Assessment process, options for the bridge rehabilitation will be reviewed to determine the preferred solution.

The project is being initiated in accordance with the latest edition of the Municipal Class Environmental Assessment Manual issued by the Municipal Engineers Association. The Municipal Class Environmental Assessment process applies to municipal infrastructure projects including road and bridge works. This project is proceeding as a Schedule 'B' undertaking in accordance with the Municipal Class Environmental Assessment Manual.

Public and agency consultation is an important component of the Environmental Assessment process. In addition to this notice, a Public Information Centre (PIC) will be planned where the public will be invited to review options, ask questions, and provide comments. The date and time of the PIC will be provided in the near future.

Subject to comments received and the receipt of necessary approvals, the County of Northumberland intends to proceed with the planning, design, and construction of this project.
